A copy thereof has been handed over to the counsel for the petitioner.

4. Learned State counsel refers to paragraph No.11 of the status report, which is also reproduced here-under:-

Dept. of Forensic medicine  
GMC & Rajindra Hospital, Patiala.”*

5. In this matter, contention of the counsel for the petitioner is that the alleged incident took place on 30.01.2024 and the first complaint was presented by the complainant before the police through representation on 24.02.2024 itself, thus, there is a huge delay in lodging the FIR.

6. In context to the submission addressed by counsel for the petitioner that the registration of FIR is highly belated and concocted version has been put-forth by the complainant. It is necessary, to observe here that the medical examination of the injured, firstly at the local hospital and thereafter, in Rajindra Hospital, Patiala, was done on the same day i.e. 30.01.2024, the date of alleged incident.

7. Looking at the medical evidence and opinion of the medical

experts, I do not find any substance in granting the extra ordinary relief, which is discretionary in nature i.e. anticipatory bail to the petitioner.

Hence, finding no merit, present petition is **dismissed**.
