1. The present civil revision petition has been filed by the petitioners seeking to set aside the orders dated 11.07.2025, 24.07.2025, 01.08.2025 and 13.08.2025 passed by the learned Civil Judge (Junior Division), Bathinda, whereby the matter has been repeatedly adjourned for arguments on the stay application.
2. Learned counsel for the petitioners submits that the stay application already stood decided by the trial Court on 25.04.2022, yet despite this, the trial Court has continued to adjourn the case for arguments on the same application, which has caused unnecessary delay in the proceedings.
3. I have considered the contention raised. The grievance of the petitioners is essentially with regard to the manner in which the proceedings are being adjourned by the trial Court. This is a matter which can be effectively brought to the notice of the trial Court itself. If such a request or assertion is made before the trial Court, it shall consider the same on its own merits and proceed with the case accordingly without adjourning it further on that ground.

4. In view of the above, no ground is made out for interference in exercise of revisional jurisdiction at this stage. The petitioners are at liberty to raise the said contention before the trial Court, and upon such request being made, the trial Court shall take an appropriate decision in accordance with law and the record of the case.

5. The present civil revision petition is disposed of in the above terms

6. Pending application(s), if any, also stand disposed of.
